

**Errata zu: Jörg Digulla/Alfred Ebert/Andreas Fecke/Horst Timm, Das Go-Spiel.
Eine Einführung in das asiatische Brettspiel, 2. überarb. und erw. Auflage, Hamburg 2006.**

Diese Auflage wurde zunächst fehlerhaft gedruckt, so dass bei allen Diagrammen, in denen Steine mit einem Dreieck markiert sind, diese Markierungen im Druck nicht sichtbar waren. Im Folgenden sind alle fehlerhaft abgedruckten Diagramme richtig dargestellt, so dass dieser Fehlerrückdruck nun einwandfrei zum Erlernen des Go-Spiels genutzt werden kann.

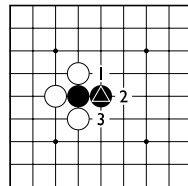

Ein kleiner Tipp: Versuchen Sie zunächst auf der Grundlage des Textes zu erraten, welche Steine markiert sind, bevor sie auf diesem Zettel nachsehen – das wird ihr Verständnis des Spiels steigern!
